“Bouvier’s Law Dictionary requires no words to commend it to the lawyers. The present edition is a revised one. The headings we had occasion to look up, such as ‘Discretion,’ ‘Public Policy,’ and others, throw a flood of light and reveal a wealth of material, the result of much patient research and intelligent thought, so very useful to suggest to a lawyer his arguments. All imaginable headings that a lawyer will look up seem to have been thought out. All lawyers, be they interested in their busy practice or in the academic study of law, will find the book of invaluable help to them. It is, in short, a concise encyclopedia of the law.”
